

# LBRN Summer Research Seminar Series

12:00 PM – Friday, June 3, 2022

**50 Years at Howard University College of Medicine and Counting**

**Dr. Philip R. Roane**

Associate Professor of Microbiology at Howard University  
Washington, District of Columbia, United States

Howard University, through its Workday message, informed the Department of Microbiology that February 2, 2022, marked the 50<sup>th</sup> anniversary of Dr. Phillip Roane's appointment to the faculty of the College of Medicine. Dr. Roane is a tenured Associate Professor and the unit head of Virology in the Department of Microbiology. He served as well as the Chair of the Curriculum Committee on the College of Medicine from 1998 to 2005. During that period, he oversaw the integration of the basic science curriculum for years one and two. That program began in 2001 and continues to the present time. Currently, he is the Chair of the Curriculum Subcommittee for Years 1 and 2.

Dr. Roane is a very active participant in the teaching, research and training programs of the department and has served for many years as the coordinator of the Organ System- Unit 1 General Principles for 2<sup>nd</sup> year medical students.
